

Adapter head with hose assembly

Size (cc)	Part no.
1	310100
3	310300
6	310600
10	311000
20	312000
35	313500
60	316000

Adapter heads with hose assemblies are used to dispense material from pneumatic syringe assemblies via Semmatic® dispensing equipment.

Assemblies

Manual assembly

Assembly size (cc)	Luer lock part no.	Luer slip part no.
1	N/A	310132
3	310346	310332
6	310646	310632
10	311046	311032
20	312046	312032
35	313546	313532
60	316046	316032

Manual assembly includes syringe barrel, plunger rod and stopper.

Pneumatic assembly

Assembly size (cc)	Luer lock part no.	Luer slip part no.
1	N/A	310167
3	310388	310367
6	310688	310667
10	311088	311067
20	312088	312067
35	313588	313567
60	316088	316067

Pneumatic assembly includes syringe barrel and stopper.

Maximum capacities of assemblies

Assembly (cc)	Manual (cc)	Pneumatic (cc)
1	1.25	1.15
3	3.60	3.00
6	6.50	5.20
10	12.0	10.0
20	24.0	20.7
35	36.0	31.5
60	68.0	58.5

Accessories

Tip caps

Part no.	Material	Use	
232683	rubber	for tight seal	
232684	plastic	for dust and contamination seal	
232991	plastic	locks on for air-tight seal	

Syringe barrel flange plug

Size (cc)	Part no.
1	310103
3	310303
6	310603
10	311003
20	312003
35	313503
60	316003
