

TECHNICAL DATA

Sem-Luer Adapter and Needles

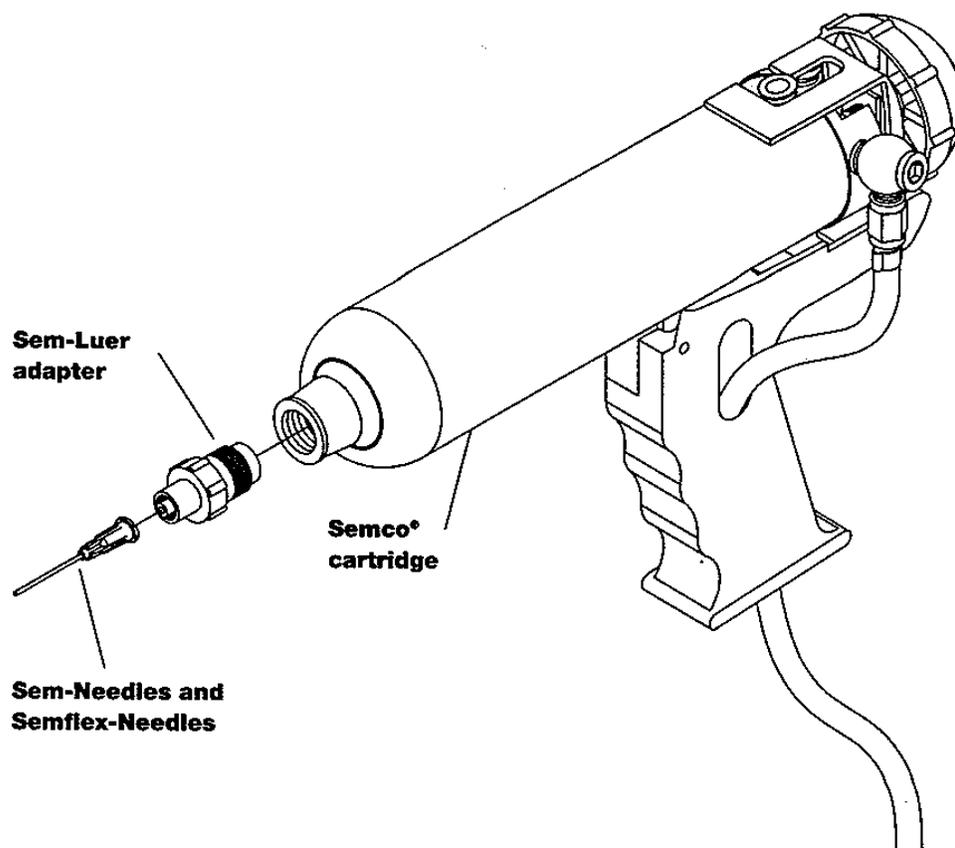

Sem-Luer Adapter, Sem-Needles and Semflex-Needles

For Precise dispensing applications of all types of viscous materials, liquid and pastes. Disposable stainless steel and flexible Teflon® needles fit all of the Semkit® packages and standard Semco® cartridges with the use of the Sem-Luer adapter.

All sizes have molded, colored hubs in international color codes. All needles are precision made with burr-free ends for micro applications, All needles are non-sterile and are for industrial use only.

Sem-needles

Disposable, rigid, stainless steel, blunt end dispensing needles fit onto all luer lock and luer slip syringes and the Sem-luer adapter. All needles have molded international color coded hubs for easy identification of the specific gauge size. These needles are precision made with burr-free ends for micro applications. All needles are non-sterile and are for industrial use only.

Semflex-needles

Disposable, flexible, blunt end Teflon® dispensing needles fit onto all luer lock and luer slip syringes and the Sem-luer adapter. All have molded international color coded hubs for easy identification of specific gauge size. (Electrical Specification Tubing, American Wire Gauge sizes conforming to AMS-3654.) These flexible needles will not scratch or mark a surface upon contact. All needles are non-sterile and are for industrial use only.

Application capacities table

Gauge	Sem-needles			Semflex-needles				Hub color
	P/N	O.D.	I.D.	P/N	O/D.	I.D.	Length
